

TOPOLYTICS - DATA ANALYTICS

Business Opportunity

SIA Group has an excellent opportunity to purchase the intellectual property assets of Topolytics, a data aggregation and analytics company which focuses on providing data driven insights regarding waste management. The Company is currently in liquidation and no longer trading.

The Company utilised a B2B business model and has worked with British Airways, Anglo-American PLC and Advance Manufacturing Research Centre. Prior to liquidation, the Company was also targeting industry partnerships with professional services and engineering firms in addition to technological partnerships with high-profile software companies to bring WasteMap, its analysis and insights platform, to more potential customers.

Interested parties are requested to deals specifically with David Holborn at SIA Group. Further information including access to a virtual data room can be provided upon execution of an NDA.

It is intended that a sale will be executed at the earliest opportunity and all expressions of interest must be registered by no later than **midday Tuesday 28th May 2024 with offers noted no later than midday Tuesday 4th June.**
