

PROJECT UNITED DENIED INSURANCE LEGAL CLAIM

Opportunity Overview

SIA Group has an excellent opportunity to acquire partial rights to a legal claim against an insurance company based in Cameroon from a UK-based entity (the "Claimant").

The origins of the claim relate to an incident that occurred at a gas well, which the Claimant and its fellow co-claimants suffered significant financial loss from. An insurance claim was made to the project's insurers by the Claimant and co-claimants, which was initially rejected. This rejection has been challenged by the Claimant and its co-claimants, which forms the basis of the potential legal claim.

Acquiring the rights to the proceeds from this legal claim offers a compelling opportunity for investors seeking high-reward potential in the litigation finance sector.

Please note that an opportunity also exists to acquire the shares in the parent company of one of the co-claimants described above, and we encourage interested parties to get in contact for further information.
